

Investors should have sufficient knowledge and experience of financial and business matters to evaluate the merits and risks of investing in a particular issue of Debt Instruments as well as access to, and knowledge of, appropriate analytical tools to assess such merits and risks in the context of their financial situation. Certain issues of Debt Instruments are not an appropriate investment for investors who are unsophisticated with respect to the applicable interest rate indices, currencies, other indices or formulas, or redemption or other rights or options. Investors should also have sufficient financial resources to bear the risks of an investment in Debt Instruments. For a more detailed description of the risks associated with any investment in the Notes investors should read the section of the Base Prospectus headed “Risk Factors”.

Any purchaser of the Notes will be deemed to have represented and agreed that they (i) have the knowledge and sophistication independently to appraise and understand the financial and legal terms and conditions of the Notes and to assume the economic consequences and risk thereof; (ii) to the extent necessary, have consulted with their own independent financial, legal or other advisers and have made their own investment, hedging and trading decisions in connection with the Notes based upon their own judgement and the advice of such advisers and not upon any view expressed by the Issuer, the Guarantor (if any), the Arranger or the Dealer; (iii) have not relied upon any representations (whether written or oral) of any other party, and are not in any fiduciary relationship with the Issuer, the Guarantor (if any), the Arranger or the Dealer; (iv) have not obtained from the Issuer, the Guarantor (if any), the Arranger or the Dealer (directly or indirectly through any other person) any advice, counsel or assurances as to the expected or projected success, profitability, performance, results or benefits of the Notes, and have agreed that the Issuer, the Guarantor (if any), the Arranger or the Dealer do not have any liability in that respect; (v) have not relied upon any representations (whether written or oral) by, nor received any advice from, the Issuer, the Guarantor (if any), the Arranger or the Dealer as to the possible qualification under the laws or regulations of any jurisdiction of the Notes described in these Final Terms and understand that nothing contained herein should be construed as such a representation or advice for the purposes of the laws or regulations of any jurisdiction.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to, with effect from such date, and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (EEA). For these purposes, a retail investor means a person who is one (or more) of: (i) a “retail client” as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, MiFID II); or (ii) a customer within the meaning of Directive 2016/97/EU (as amended or superseded, the Insurance Distribution Directive), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Regulation (EU) 2017/1129, as amended (the Prospectus Regulation). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the EU PRIIPs Regulation) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

TPEX expressly disclaims any and all liability for any losses arising from, or as a result of the reliance on, all or part of the contents of the Final Terms and the Base Prospectus and any supplement or amendment thereto. 2. RATINGS

The Notes to be issued have not been rated.

3. INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE ISSUE/OFFER

Save for fees, if any, payable to the Dealer, and so far as the Issuer is aware, no person involved in the issue of the Notes has an interest material to the offer. The Dealer and its affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform other services for, the Issuer and its affiliates in the ordinary course of business.

The possibility of conflicts of interest between the different roles of Société Générale on one hand, and between those of Société Générale in these roles and those of the Noteholders on the other hand cannot be excluded.

Société Générale will ensure the roles of Issuer of the Notes (and as such will have to enter into hedging transactions) and Calculation Agent of the Notes.

Furthermore, given the banking activities of Société Générale, conflicts may arise between the interests of Société Générale acting in these capacities (including business relationship with the issuers of the financial instruments being underlyings of the Notes or possession of non public information in relation with them) and those of the Noteholders. Finally, the activities of Société Générale on the underlying financial instrument(s), on its proprietary account or on behalf of its customers, or the establishment of hedging transactions, may also have an impact on the price of these instruments and their liquidity, and thus may be in conflict with the interests of the Noteholders.

The value of the Notes, the payment of a coupon amount on a relevant interest payment date to a Noteholder, the payment of an automatic early redemption amount on a relevant automatic early redemption date and the payment of a redemption amount to a Noteholder on the maturity date may depend on the performance of the underlying asset(s), on the relevant valuation date(s).

During the lifetime of the Notes, the market value of these Notes may be lower than the invested capital. Furthermore, an insolvency of the Issuer and/or the Guarantor may cause a total loss of the invested capital.

ROC Selling Restrictions

The Notes have not been, and shall not be, offered or sold or resold, directly or indirectly, to investors other than “professional investors” as defined under Article 2-1 of Taipei Exchange Rules Governing Management of Foreign Currency Denominated International Bonds (“Professional Investors”). Purchasers of the Notes are not permitted to sell or otherwise dispose of the Notes except by transfer to a Professional Investor.

Risks associated with delisting of the Notes

Application will be made for the listing of the Notes on the TPEX. No assurances can be given as to whether the Notes will be, or will remain, listed on the TPEX. If the Notes fail to or cease to be listed on the TPEX, certain investors may not invest in, or continue to hold or invest in, the Notes.

ROC Taxation

The following summary of certain taxation provisions under ROC law is based on current law and practice and that the Notes will be issued, offered, sold and re-sold to Professional Investors as defined under Paragraph 1, Article 2-1 of Taipei Exchange Rules Governing Management of Foreign Currency Denominated International Bonds only. It does not purport to be comprehensive and does not constitute legal or tax advice. Investors (particularly those subject to special tax rules, such as banks, dealers, insurance companies and tax-exempt entities) should consult with their own tax advisers regarding the tax consequences of an investment in the Notes.

Interest on the Notes

As the Issuer of the Notes is not a ROC statutory tax withholder, there is no ROC withholding tax on the interest to be paid on the Notes.

Payments of any interest or deemed interest under the Notes to an ROC individual holder are not subject to ROC income tax as such payments received by him/her are not considered to be ROC sourced income. However, such holder must include the interest or deemed interest in calculating his/her basic income for the purpose of calculating his/her alternative minimum tax (“AMT”), unless the sum of the interest or deemed interest and other non-ROC sourced income received by such holder and the person(s) who is (are) required to jointly file the tax return in a calendar year is below NT\$1 million. If the amount of the AMT exceeds the annual income tax calculated pursuant to the ROC Income Basic Tax Act (also known as the “AMT Act”), the excess becomes such holder's AMT payable.

ROC corporate holders must include the interest receivable under the Notes as part of their taxable income and pay income tax at a flat rate of 20 per cent. (unless the total taxable income for a fiscal year is under NT\$120,000), as they are subject to income tax on their worldwide income on an accrual basis. The AMT is not applicable.

Sale of the Notes

In general, the sale of corporate bonds or financial bonds is subject to 0.1 per cent. securities transaction tax (“STT”) on the transaction price. However, Article 2-1 of the Securities Transaction Tax Act prescribes that STT will cease to be levied on the sale of corporate bonds and financial bonds from 1 January 2010 to 31 December 2026. Therefore, the sale of the Notes will be exempt from STT if the sale is conducted on or before 31 December 2026. Starting from 1 January 2027, any sale of the Notes will be subject to STT at 0.1 per cent. of the transaction price, unless otherwise provided by the tax laws that may be in force at that time.

Capital gains generated from the sale of bonds are exempt from income tax. Accordingly, ROC individual and corporate holders are not subject to income tax on any capital gains generated from the sale of the Notes. In addition, ROC individual holders are not subject to AMT on any capital gains generated from the sale of the Notes. However, ROC corporate holders should include the capital gains in calculating their basic income for the purpose of calculating their AMT. If the amount of the AMT exceeds the annual income tax calculated pursuant to the Taiwan Income Tax Act, the excess becomes the ROC corporate holders' AMT payable. Capital losses, if any, incurred by such holders could be carried over 5 years to offset against capital gains of same category of income for the purposes of calculating their AMT.

ROC Settlement and Trading

In order to purchase the Notes, except for any investor who has an account with Euroclear or Clearstream, Luxembourg and intends to settle the Notes through such account with Euroclear or Clearstream, Luxembourg, an investor must have a securities book-entry account with a Taiwan securities broker and a foreign currency deposit account with a Taiwan bank, and settle the Notes through the account of Taiwan Depository & Clearing Corporation (**TDCC**) with Euroclear or Clearstream, Luxembourg.

For persons seeking to hold a beneficial interest in the Notes through TDCC, such persons will hold their interest through an account opened and held by TDCC with Euroclear or Clearstream, Luxembourg (as the case may be).

Initial subscription of the Notes by ROC investors will be settled directly through Euroclear or Clearstream, Luxembourg or through the account of TDCC with Euroclear or Clearstream, Luxembourg. TDCC will forthwith allocate the respective Notes position to the securities book-entry account designated by each initial investor with TDCC. Due to time difference, allocation of the Notes to TDCC accounts is expected to be on the second Taiwanese Business Day after the Issue Date. The Notes will be traded and settled pursuant to the applicable rules and operating procedures of TDCC and TPEx as domestic bonds.

A ROC investor having its own account with Euroclear or Clearstream, Luxembourg may settle the Notes through such account with Euroclear or Clearstream, Luxembourg (without applying with TDCC to transfer the Notes to the TDCC account), or apply with TDCC, by filing in prescribed form, to transfer the Notes in its own account with Euroclear, or Clearstream, Luxembourg to the TDCC account with Euroclear or Clearstream, Luxembourg for trading in the domestic market or vice versa for trading in overseas market.

Distributions of principal and/or interest for the Notes to ROC holders will be made by payment services banks whose systems are connected to TDCC to the foreign currency deposit accounts of the ROC holders. Such payment is expected to be made on the second Taiwanese Business Day following TDCC's receipt of such payment (due to time difference, the payment is expected to be received by TDCC one Taiwanese Business Day after the distribution date). However, when the ROC holders will actually receive such distributions may vary depending upon the daily operations of the Taiwan banks with which the holder has the foreign currency deposit account.
